

CONTENTS OF VOLUME 39

- Abadom, P. N., Ahmed, K., and Scholefield, P. G.** Biochemical studies on Tofranil, 551.
- Adamkiewicz, V. W.** Insulin sensitization to the action of *k*-strophanthin, 9.
- Adamkiewicz, V. W. and Fortier, A. A.** Passage of salicin and saligenin across the wall of the rat ileum, 1097.
- Ahmed, K.** See Abadom, P. N., 551.
- Allen, C. E.** See Dow, D. S., 981.
- Allen, F. W.** See Lane, B. G., 721.
- Allen, M. J.** See Vittorio, P. V., 1743.
- Aftonomos, B. Th.** See Pace, D. M., 1247.
- Anastassiadis, P. A.** See Haab, W., 671.
- Ashford, D. R., Fairfield, F. M., and Bain, G. O.** Effect of neonatal injection of chicken erythrocytes on natural heterohemagglutinin titer in mice, 1209.
- Avadhani, P. N. and Towers, G. H. N.** Fate of phenylalanine- C^{14} and cinnamic acid- C^{14} in *Malus* in relation to phloridzin synthesis, 1605.
- Baer, E. and Buchnea, D.** Synthesis of enantiomeric mixed-acid glycerolphosphatides. I. L- α -(α' -Stearoyl, β -oleoyl)cephalin and L- α -(α' -oleoyl, β -stearoyl)cephalin, 1471.
- Bain, G. O.** See Ashford, D. R., 1209.
- Bajusz, E.** See Selye, H., 519.
- Bakker, R. F. M. and de Wied, D.** The effect of corticotropin on the formation of corticosteroids in vitro, 23.
- Bates, D. V. and Harkness, E. V.** Notes on the application of the Hersch galvanic oxygen cell to measurement of blood oxygen content and tension, 991.
- Bather, R. and Purdie-Pepper, E.** Nucleic acid synthesis and transfer in normal second generation chick embryo fibroblasts, 1625.
- Beare, J. L.** The influence of dietary fat on the fatty acid composition of liver, carcass, and milk of rats, 1855.
- Beare, J. L., Gregory, E. R. W., Smith, D. M., and Campbell, J. A.** The effect of rapeseed oil on reproduction and on the composition of rat milk fat, 195.
- Beaton, J. R.** Further observations on metabolic alterations in the hypothermic rat, 1.
- Beaton, J. R.** With the technical assistance of **Orme, T.** The inhibition by acetazoleamide of renal phosphate-activated glutaminase in rats, 663.
- Note on blood metabolite and electrolyte levels in the hypothermic hamster, 1207.
- Beaton, J. R. and Orme, T.** Phosphorus and lactic acid metabolism in the hypothermic rat, 1267.
- A note on the effects of hypothermia on enzyme activities in the rat, 1649.
- Beck, J. C.** See Blair, A. J., 1617.
- Bennett, J. R. and Tattrie, N. H.** The acylation of monoacyl-L- α -glycerylphosphorylcholine under various conditions, 1357.
- Bensley, S. H.** See Walker, F. G., 89.
- Berenson, J.** See Grad, B., 461.
- Best, C. H.** See Wrenshall, G. A., 267.
- Beveridge, J. M. R.** See Emery, G. N., 977.
- Beyer, R. E., Lamberg, S. L., and Neyman, M. A.** The effect of riboflavin deficiency and galactoflavin feeding on oxidative phosphorylation and related reactions in rat liver mitochondria, 73.
- Beznák, M.** See Bois, P., 335.
- Bhattacharya, S. K.** See Das, B. C., 569.
- Bieley, J.** See Idler, D. R., 317; Wood, J. D., 1705.
- Binette, Y.** See Bouthillier, L. P., 1595, 1930.
- Birkbeck, J. A. and Stewart, A. G.** The estimation of lactate dehydrogenase activity of human erythrocytes, 257.
- Birks, R. and MacIntosh, F. C.** Acetylcholine metabolism of a sympathetic ganglion, 787.
- Biron, P.** See Boucher, R., 581.
- Bitners, I. I.** See Idler, D. R., 1653, 1737.
- Blair, A. J., Morgen, R. O., and Beck, J. C.** The plasma 17-hydroxycorticosteroid levels in acute and chronic renal failure, 1617.
- Bloor, R. J.** See Gaebler, O. H., 863.
- Blostein, R., Rubinstein, D., and Denstedt, O. F.** The relation between phosphate metabolism and the transport of cations across the cell membrane in the human erythrocyte, 1879.
- Bohm, B. A., Ibrahim, R. K., and Towers, G. H. N.** The partial elucidation of the structure of a new coumarin from *Hydrangea macrophylla* Ser., 1389.
- Bois, P., Beznák, M., and Jasmin, G.** Cardiovascular changes in non-sensitized rats chronically treated with 2-methyl-9-fluorocortisol, 335.

- Bond, E. J.** The action of fumigants on insects. III. The fate of hydrogen cyanide in *Sitophilus granarius* (L.), 1793.
- Boucher, R., Biron, P., and Genest, J.** Procedure for isolation and determination of human blood angiotensin, 581.
- Bouthillier, L. P. and Binette, Y.** Decarboxylation of γ -hydroxyglutamate to α -hydroxy- γ -aminobutyrate in rat brain, 1930.
- Bouthillier, L. P., Binette, Y., and Pouliot, G.** Transformation de l'acide γ -hydroxyglutamique en alanine et en acide glyoxylique, 1595.
- Bowen, H. F.** See Perry, W. F., 1061.
- Boyd, E. M.** Skinfold neutral fat in obese rats, 321.
- Boyd, E. M. and Fulford, R. A.** Pilocarpine-induced convulsions and delayed psychotic-like reaction, 1287.
- Brown, J. R., Jarvis, A. A., and Tiefenbach, B.** Elimination of ashing in the determination of strontium and calcium in liquid milk, 1309.
- Brown, W. H.** See Townsend, G. F., 1765.
- Browne, J. S. L.** See Chappel, C. I., 453.
- Brownstone, Y. S. and Denstedt, O. F.** The pentose phosphate metabolic pathway in the human erythrocyte. I. The transformation of ribose-5-phosphate to ketopentose-5-phosphate, 527.
- The pentose phosphate metabolic pathway in the human erythrocyte. II. The transketolase and transaldolase activity of the human erythrocyte, 533.
- The pentose phosphate metabolic pathway in the human erythrocyte. III. The stability of the pentose phosphate metabolic system in preserved erythrocytes, 545.
- Buchnea, D.** See Baer, E., 1471.
- Bugge, S., Nilsen, M., Metcalfe-Gibson, A., and Hobkirk, R.** Hydrolysis of conjugated estrogen fractions in human pregnancy urine, 1501.
- Burley, R. W. and Cook, W. H.** Isolation and composition of avian egg yolk granules and their constituent α - and β -lipovitellins, 1295.
- Bushuk, W.** Sulphydryl-initiated aggregation of mercaptalbumin in 0.1 N NaCl solutions, 1789.
- Butler, G. C.** See Neelin, J. M., 485.
- Campbell, J. A.** See Beare, J. L., 195; McLaughlan, J. M., 1669; Morrison, A. B., 1543, 1681; Murray, T. K., 1687.
- Caplan, B. U.** See Saffran, M., 653.
- Carroll, K. K.** See Jessup, D. C., 1647.
- Casselman, W. G. B.** See Menon, K. K. G., 1373.
- Chandrasekhar, N.** Minor proteins in human erythrocytes, 1489.
- Chang, V. M. and Idler, D. R.** α -Reduction of the 20-carbonyl group in C-21 steroids by *Rhodotorula longissima*, 1277.
- Chappel, C. I., Rona, G., and Browne, J. S. L.** Possible role of increased sensitivity to adrenal steroids in adrenal-regeneration hypertension, 453.
- Charbonneau, G.** See Zsotér, T., 763.
- Chefurka, W.** Some observations on the effect of a naturally occurring agent(s) on the 2,4-dinitrophenol induced ATPase of liver mitochondria, 1941.
- Cherniack, R. M. and Guenter, C. A.** The efficiency of the respiratory muscles in obesity, 1215.
- Chisholm, M. J.** See Hopkins, C. Y., 829, 1481.
- Choitz, H. C.** See Gaebler, O. H., 863.
- Cole, E. R. and Mertz, E. T.** Studies on plasminogen. I Further purification of bovine plasminogen, 1419.
- Studies on plasminogen. II. A comparison of esterolytic, caseinolytic, and fibrinolytic activities of bovine and human plasminogen, 1911.
- Coleman, I. W., Little, P. E., and Grant, G. A.** Oral prophylaxis for anticholinesterase poisoning, 351.
- Colonnier, M.** Spinal cord influences on forelimb movements induced from the reticular formation in the cat, 559.
- Colvin, J. R.** Synthesis of cellulose from ethanol-soluble precursors in green plants, 1921.
- Colvin, J. R., Martin, S. M., and Dearing, G. G.** Extracellular glucose-1-phosphate in *Acetobacter xylinum* and its role in cellulose synthesis, 493.
- Common, R. H.** See McCully, K. A., 1451; Mok, C.-C., 109.
- Common, R. H., Moo-Young, A. J., and McCully, K. A.** Some effects of dietary thiouracil and dietary iodine supplementation on the responses of the immature pullet to estrogen, 1441.
- Connell, G. E. and Shaw, R. W.** The purification of haptoglobin, 1013.
- Cook, W. H.** See Burley, R. W., 1295; Neelin, J. M., 1075.
- Cosgrove, J. B. R.** See MacPherson, C. F. C., 1567.

- Cramer, C. F.** Progress and rate of absorption of radiophosphorus through the intestinal tract of rats, 499.
- Craig, B. M.** See Leegwater, D. C., 1325.
- Crocker, B. F.** See Holmes, R., 45; Sheinin, R., 55, 63.
- Czaja, C. and Kalant, H.** The effect of acute alcoholic intoxication on adrenal ascorbic acid and cholesterol in rat, 329.
- Das, B. C. and Bhattacharya, S. K.** Changes in human serum protein fractions with age and weight, 569.
- Davenport, H. T.** See Jegier, W., 1747.
- Dearing, G. G.** See Colvin, J. R., 493.
- Delory, G. E. and Hetherington, M.** The effect of formalin and of L-tartaric acid on some tissue acid phosphatases, 737.
- Denstedt, O. F.** See Blostein, R., 1879; Brownstone, Y. S., 527, 533, 545; Parsons, T. R., 1515.
- Depocas, F.** See Masironi, R., 219.
- De Wolfe, M. S.** See Jackson, S. H., 881; Myers, D. K., 1656.
- Dow, D. S. and Allen, C. E.** Steady-state oxidation of glucose in hyperthyroid and hypothyroid rats, 981.
- Dowdy, J. R.** See Guthrie, R. K., 757.
- Drance, S. M.** See Woodford, V. R., 287.
- Dresel, P. E.** See Sutter, M. C., 1783.
- Dyrenfurth, I.** See Lucis, O. J., 901.
- Ecobichon, D. J. and Kalow, W.** Some properties of the soluble esterases of human liver, 1329.
- Emery, G. N. and Beveridge, J. M. R.** The cause of the disappearance of arginine from the blood of rats with acute hepatic necrosis induced by dietary means, 977.
- Fagerlund, U. H. M. and Idler, D. R.** Marine sterols. VIII. In vivo transformations of the sterol side chain by a clam, 505.
- Marine sterols. IX. Biosynthesis of 24-methylenecholesterol in clams, 1347.
- Fairfield, F. M.** See Ashford, D. R., 1209.
- Farmer, A. W.** See Jackson, S. H., 881.
- Fazekas, A. Gy.** See Fazekas, I. Gy., 1189.
- Fazekas, I. Gy., Fazekas, A. Gy., and Rengei, B.** Changes in glutamic acid - oxaloacetic acid - transaminase activity in the liver and kidneys on the effect of high doses of Pyrimidon (aminopyrine), 1189.
- Felauer, E. E.** See Townsend, G. F., 1765.
- Finlayson, A. J.** See McConnell, W. B., 1107.
- Finlayson, A. J. and Simpson, F. J.** The conversion of 2,6-diaminopimelic acid-1,7-C¹⁴ to lysine-1-C¹⁴ by certain bacteria, 1551.
- Fishman, W. H.** See Nigam, V. N., 1367.
- Fortier, A. A.** See Adamkiewicz, V. W., 1097.
- Fortier, C.** See Schindler, W. J., 629.
- Foster, T. S. and Pearce, R. H.** Zone electrophoresis of acid mycopolysaccharides, 1771.
- Frederick, G. L.** The influence of dietary vitamin B₁₂ on the hepatic vitamin B₁₂ biologic half-life of swine, 1477.
- Fregly, M. J.** Effect of changes of ambient temperature on spontaneous activity of hypothyroid rats, 1085.
- Fretz, N. A.** See Seguin, J. J., 1239.
- Froese, A. and Sehon, A. H.** Problems involved in the purification of antihapten antibodies by the use of stroma-hapten conjugates, 1067.
- Fulford, R. A.** See Boyd, E. M., 1287.
- Gaebler, O. H., Bloor, R. J., and Choitz, H. C.** Continuous metabolic studies on normal and depancreatized dogs during repeated whole body X irradiation, 863.
- Galley, W. C.** See Kalant, N., 1433.
- Gamborg, O. L., Wetter, L. R., and Neish, A. C.** The role of plant phenolic compounds in the oxidation of reduced diphosphopyridine nucleotide by peroxidase, 1113.
- Garcia-Arocha, H.** Release of histamine and 5-hydroxytryptamine from cells of the peritoneal fluid of rats, 395.
- Liberation of 5-hydroxytryptamine and histamine in the anaphylactic reaction of the rat, 403.
- Genest, J.** See Boucher, R., 581.
- Gillespie, R. J. G. and Lucas, C. C.** Effect of single intoxicating doses of ethanol on the gastric and intestinal mucosa of rats, 237.
- Effects of single intoxicating doses of ethyl alcohol upon the hepatic lipids of rats, 243.
- Different responses to the production of dietary and alcoholic cirrhosis in "Wistar" rats from two sources, 249.

- Giri, K. V.** See Nigam, V. N., 1847.
- Goodfriend, L., Leznoff, A., and Sehon, A. H.** Antibodies to estrone-protein conjugates. III. Tissue localization of estrogens, 967.
- Goodfriend, L. and Sehon, A. H.** Antibodies to estrone-protein conjugates. I. Immunochemical studies, 941.
- Antibodies to estrone-protein conjugates. II. Endocrinological studies, 961.
- Grad, B., Kral, V. A., and Berenson, J.** Toxic and protective effects of royal jelly in normal and diseased mice, 461.
- Grajcer, D. and Idler, D. R.** Testosterone, conjugated and "free", in the blood of spawned Fraser River sockeye salmon (*Oncorhynchus nerka*), 1585.
- Grant, G. A.** See Coleman, I. W., 351.
- Green, R. M.** See Robinson, G. A., 1125.
- Green, R. M., McNeill, K. G., and Robinson, G. A.** The distribution of potassium and caesium-137 in the calf and the pig, 1021.
